Examiner Leavitt:

The undersigned corroborates that the plasmid identified by Accession Number KCCM-10557 was deposited with the Korean Culture Center of Microorganisms on January 27, 2004. The Korean Culture Center of Microorganisms is a Budapest Treaty Deposit organization. The biological material which is deposited is a biological material specifically identified in the application, as filed.

Upon issuance of the Patent the instant invention will be irrevocably and without restriction released to the public.

Respectfully submitted,

Dated: December 3, 2010
